Ms. Mathis,

This letter is to inform you that you have a MAP appt. scheduled for 2:30pm, December 10, 2007. The MAP address is 118 S. Yale Ave. Please be to MAP by 2:15pm to fill out the proper paperwork. OYAP will be paying the cost of delivery at \$65. Whatever items you are able to get from MAP will be delivered in the morning on 12/11/07. They only do curbside drop off, so please make arrangements to get your new belongings into your home. Also, please understand that MAP is a ONE TIME referral and will not be able to be made again.

As far as the rent you have requested to have help with this month, OYAP will be able to help with $\frac{1}{2}$ of the rental fee for December 2007. Please know that this will use up all of the available funds for your case to receive housing assistance. Please advise your FCM if you would or would not like to have the help this month. If you chose to use the money available for this at this time please provide the information necessary to get the rent paid. (I.E. To whom the rent should be paid, any account information they might need, and contact information to get in touch with whomever receives the monies for your rent.)

Regarding your psychological evaluation: You are welcome to choose a qualified doctor to have your psychological completed, however the cost would be yours to bear. OYAP has provided you with a referral to Dr. Baccus as that is who our contract is with. If you need another referral to him your FCM can provide you with one. If you choose to go with a qualified doctor of your choice, please provide your FCM with their information so that a referral may be made to them. Again, if you choose someone other than Dr. Baccus the cost will be yours to bear.

Respectfully,

Shanda,

I received your letter dated 12/4/2007. This letter is in response to that letter. The visit with Azuriah was made up yesterday 12/10/2007. OYAP does not require visits to be made up if it is not OYAP who canceled the visit. Sick children are never made to come to their visits as they should be home resting and getting well. Due to your tardiness of 35 minutes for yesterday's visit, the children were sent home. Roderick and Azuriah came late and thus were able to spend time with you. The time you were able to have with them is your make up visit for Azuriah not being at his visit last week. This letter is also to serve as the written notification that I told you as of yesterday that you are now to be at your visits by 3:30pm. If you are not at OYAP by 3:30pm your visit will be canceled. Transporters of the children will be notified that they do not need transport the children to the agency.

There will be no monthly pass issued to you for December as you were already given one. You may pick up 5 day passes at each visit for December to continue looking for employment. A monthly bus pass will be issued to you in Jan., however if it is lost you will have to find your own transportation.

OYAP has made a payment of \$383 to your rental account. This is $\frac{1}{2}$ of your rent that was told to you that would be paid. This amount includes water, but does not include late fees.

As far as the bunk beds, those will be purchased when the children return home. The beds not being in your home will not be a factor in the children being returned to you as OYAP is committed to providing beds when the appropriate time comes.

If you have any questions regarding this information or anything else you may contact your Family Case Manager at (614)252-6927.

To Whom It May Concern:

Ms. Shanda Mathis has been court ordered to have a psychological evaluation completed. She is not comfortable with going to Dr. Baccus, who OYAP has a contract with and would prefer to find a Dr. on her own. She is responsible to bear the cost in full of the evaluation. She is required to have the psychological in compliance with the Franklin County Juvenile Court, as well as the case plan she is working on with the Ohio Youth Advocate Program. Client seems to exhibit symptoms of paranoia due to comments that everyone is out to get her, and that the court and everyone involved are "liars and doing illegal things to keep her children from her."

If you have any questions you may contact me at (614)252-6927 x. 155. Please have Ms. Mathis complete the consent for release of information at your office in order for her outcomes to be sent to me at the OYAP office.

Questions to review:

Is there a mental health diagnosis?

If so what are treatment recommendations?

Does this affect the ability to effectively parent?

Thank you,

Dear Ms. Mathis,

This is in response to your letter I received via fax. I have given you all the information I have about the children's appointments and doctor's visits. I will get the other's records from the foster care department as far for their counseling services and other medical services.

I we have no more monthly bus passes for March and I must say that most of your case plan activities have been completed with acceptation to the psychological. If the psychological is completed and they do not recommend any other services, or parenting, then you have completed most of the activities. We can set up a time to complete the home study. I will provide Mr. Clayborne with a copy of his results at the visit on Monday.

As far as MAPS goes, since 2 prior appointments were set with you not showing up, they are not willing to set another appointment, as per their rules. If you would like, when you come in on Monday for your visit, we can set up a time for your home study. We are willing to increase your visits once we get the results of your psychological assessment completed. Thank you for your cooperation.

Dear Ms. Mathis,

I am writing this letter in an effort to locate family members for Mercedes, Mia, Dawan, Dallas and Azuriah Clayborne. The children have been in foster care since July 2007 and we are coming up on a year in foster care and we have to begin making permanent plans for the children by law.

Ms. Mathis has not completed her case plan. She has been homeless since March 18, 2008 and our next court date is July 9, 2008. I have to have motions turned in by May 9th. Could you give me a call to discuss the future of the children? The Guardian Ad Litem and I have an appointment with your mother, Elvina Parks on Friday, April 25th in Toledo. There is financial assistance is available if this is a barrier.

I can be reached at (614) 252-6927, ext. 146. Please call me, I would like to see about getting the children with family members rather then they remain in foster care until the age of 18 or until Ms. Mathis can show that she is stable.

Worker requested police report be faxed to FCCS.</p> <p>Worker checked Kids Kids, there is an active referral to Unit 640, Incident # 9895-2007.</p> <p>Worker checked on the children. Worker took pictures of the children. Their clothes are dirty and they have a foul odor. Rod gave no history of going hungry while Larry Albanese (571) was caring for them. Worker laid cots down for them to sleep.</p> <p>Worker had mom write the children's names and dates of birth down. Mom states that she gave the police bad information on the children because they are always threatening to take her children. Mom brought up the incident at the parking garage and them taking the kids information. She reported that she was gone for 5-10 minutes and that the battery in the car needed jumped. She states that AAA came and jumped the car. Mom stated that she did have trouble getting someone to let her use their phone. She stated that she tried a church and was unsuccessful. She continued not to see the problem of leaving the children in the car. She stated that they could get out and she always keeps water in the car. She states that Rod is 12 yr old and capable of caring for the children. Worker explained to her that it is not appropriate and that she was lucky that she did not go to jail. Worker asked mom about her pending criminal case. She stated that her aunt, Evonna Mathis, got a protection order on 6/27/07. Mom states that the kids have been staying there and she has Michelle get the kids. Mom reports that the aunt wants custody. Worker asked about income. Mom reports that she gets SSI on two of the children; about \$1002 a month. She has no bills, no WIC. Mom reports that she needs help with deposit and 1 months rent (\$602). She reports that she has been approved for an apartment. Worker explained that the caseworker would be in around 8:30 am to help her.</p>
